MINNOWS SUGGESTED

Dr. Kohnke Says Top Species Are
Superb Exterminators.

WILL ADVOCATE USE.

Crescent City Health Officer Asserts
They Are Superior to Gold Fish,
Which Are Ridding Hawaii of Pests.

New Orleans, July 27.—A proposition to use top minnows in stagnant pools in place of oil to destroy yellow fever mosquitoes and prevent breeding is advocated by Dr. Quiltman Kohnke, city health officer of New Orleans. In an interview he said he contemplated asking the national government to establish at New Orleans a breeding pond for top minnows, to be used for stocking stagnant water about the city. Dr. Kohnke said:

"Top minnows are more efficient as mosquito destroyers than gold fish, which are reported as ridding water of mosquitoes in Hawaii. In stagnant water I believe minnows are better than the use of oil, which spreads over the surface of the water. At the present time in the city's drainage canal there are sufficient minnows to destroy all wiggle-tails, which develop into mosquitoes. Frequently some one calls attention to the importance of oiling the surface of the drainage canal. This is absurd on account of the fact that minnows in canals do not breed mosquitoes. Top minnows breed rapidly, so that if properly handled the supply can be made almost inexhaustible."

The city of New Orleans at present is spending \$60,000 in the campaign against the mosquito pest, cutting down weeds, drying up stagnant water pools and oiling wherever ponds do not readily evaporate.

REYNOLDS' DEATH.

Authorities Are Investigating the
Tragic Demise of Bookmaker.

New York, July 27.—Authorities are investigating the death of Frank R. Reynolds, a bookmaker of St. Louis, who fell or jumped from a window on the fifth floor of Martin's restaurant early Friday. Death was instantaneous, the man's neck being broken. Reynolds came here from St. Louis to assist Barney Schreiber in making a book at Brighton Beach track. He displayed nervousness Thursday, when he complained of being ill. While the restaurant was filled with patrons Sam Martin, seated near a window leading to the area in the rear of the building, he heard a heavy sound as of a body striking a hard substance. Upon looking from the window he saw the body of a man in the center of the area. Without attracting attention he made his way to the place, but news of the man's death could not be kept from the patrons and soon there was a hurried paying of checks and men and women leaving.

FATAL POISONING.

Prominent Resident of El Paso Dies
In Hospital at Eureka.

Eureka, Cal., July 27.—James H. Boone, a prominent resident of El Paso, Tex., where he was formerly sheriff, died in the Sequoia hospital here from ptomaine poisoning. Boone and his wife started from San Francisco for Eureka by overland because the sailors' strike had caused a tie-up of steamers. They took the stage line to Sherwood and en route found it almost impossible to get accommodations or anything to eat. Reaching Dyersville, a small place about fifty miles from here, they bought some canned sausages and ate heartily. Upon arrival here Boone became very ill and lingered for several weeks. An autopsy confirmed the diagnosis that death was caused by ptomaine poisoning.

ROOT AT RIO.

Secretary of State Welcomed by Officials and Cheered by Citizens.

Rio de Janeiro, July 27.—Secretary Root arrived here Friday from Bahia and was welcomed by a representative of General Rio Branco, the Brazilian foreign minister, and by civil and military authorities. He was heartily cheered by the assembled crowds.

CHILD'S AWFUL FATE.

Falls Into Tub of Scalding Water and Dies in Few Hours.

Waco, July 27.—The twenty-month old child of W. C. Davis, four miles from here, fell into a tub of scalding water. The little one was rescued almost instantly, but expired in agony in a few hours. The water was to be used in scrubbing floors.

No Lives Lost.

Modane, France, July 27.—There was a disastrous cloudburst in the Mont Cenis district. No lives were lost. Traffic by Mont Cenis is indefinitely stopped. Tracks and bridges are badly damaged.

Three Indictments.

New York, July 27.—The Federal grand jury returned to the United States court three indictments, which

are reported to have been found as the result of an investigation of alleged rebating on sugar by the American Sugar Refining company.

MRS. HARTJE SEIZED

"Mary, Come With Me," Said Man
Grabbing Her.

MANAGED TO ESCAPE

Miscreant, Who Dragged Principal
in Noted Divorce Case, Hur-
riedly Departed and Out-
distanced Pursuers.

Pittsburg, July 27.—Just after leaving the court house Thursday following the adjournment of the hearing in the Hartje divorce case Mary Scott Hartje, the respondent in the case, was attacked by an unknown man on the street. Despite the crowd about the court house at the time the man made his escape, although a short chase after him was taken up. He disappeared through an alley in the vicinity of the court house.

Mrs. Hartje left the building accompanied by Mrs. A. W. Slocum, who has been her constant companion throughout the hearing. The women were on the way to the office of John Freeman, Mrs. Hartje's counsel. They had gone but a few steps from the court house when a man, having the appearance of a mill worker, thrust out his arm and, grabbing Mrs. Hartje, dragged her across the pavement, saying: "Mary, come with me."

Screaming with fright, Mrs. Hartje managed to escape from the man and found refuge in Mr. Freeman's office. In the meantime the crowd stood about apparently paralyzed at the incident. The man started to run, but was lost to those that took up the chase. Some few minutes later Mrs. Slocum pointed out a man as the assailant, and he was arrested, but was released when Mrs. Hartje said he was not the man.

Thursday was the first time since the hearing that Mrs. Hartje has appeared on the street without detecting being near. At her own request, the detectives were dismissed from protecting her.

ANOTHER COACHMAN.

Swears Wife Told Him Mrs. Hartje
Had Made Cash Offer.

Pittsburg, July 27.—Another coachman in the person of Wilbur Ashby of Washington, the husband of Blanche Ashby, came under the rays of the legal limelight when he was called to the stand Thursday in the Hartje divorce case, to confirm what other members of the negro delegation from Washington had said regarding alleged statements of the Ashby woman. The witness repeated the same story that others had told—that his wife had said that Mrs. Hartje had offered her \$300 and a bank account for the baby if Blanche would swear that Clifford Hooe had never slept in the spare room of the Hartje house.

Ashby also swore that his wife had told him that Mrs. Hartje had declared to her she was sorry she had not returned to live with Hartje when he asked her to go back home. At this statement Mrs. Hartje showed more astonishment than she has exhibited at any of the testimony hitherto.

In cross examination a letter which Ashby had written to Mrs. Hartje was placed in evidence. In it he told Mrs. Hartje that if "she could pay Blanche for speaking for her, Hartje could do the same." This took some of the wind out of Hartje's side, as all the testimony on that point had been to the effect that Ashby had written that if Mrs. Hartje could pay Blanche for "lying" Hartje could afford to pay for the truth.

One of the closing events of the trial will show how, where and when the Madine love letters were received.

Attorney J. Scott Ferguson of counsel for Augustus Hartje, stated that he has received four threatening letters since the divorce case opened. The letters were from different cities, but the last one received was from New York, and was signed "Southerner," the writer declaring that violent harm would come to the attorney if he persisted in his efforts to incriminate Mrs. Hartje. Mr. Ferguson said he was not paying any attention to the missives.

TEXAN TOUCHED.

Business Man of Rockwall Loses Cash
and Railroad Ticket.

Washington, July 27.—While Dick Sellman, a business man of Rockwall, Tex., was walking down Twelfth street he was relieved of his pocketbook, containing \$150, and his railroad ticket. He took the first train for home.

Three Indictments.

New York, July 27.—The Federal grand jury returned to the United States court three indictments, which are reported to have been found as the result of an investigation of alleged rebating on sugar by the American Sugar Refining company.

NEARING COMPLETION RAPIDLY

Expected that the New Presbyterian Church will be Completed Next Week — Opening in September.

Bryan's handsome new Presbyterian church is rapidly nearing completion and Contractor I. H. Newton will probably finish the work and turn the keys over to the church authorities during the coming week. Workmen are now putting in the windows, finishing the interior and placing the furnishings.

The church is convenient, modern and beautiful in design and a buff brick veneered building, with steel ceiling, art glass windows, handsome polished oak furnishings, inclined floor, a commodious auditorium with lecture room adjoining, also several other apartments, all of which may be thrown into one, a well broken roof with proportionate towers, a basement with heating apparatus installed and the building lighted by gas and electricity. It is one of the prettiest average sized churches in the state and a credit to the congregation and to the entire city.

Although the church will be completed in a few days, the congregation held a meeting the other day, the pastor not being present as he is now on vacation, (though he has chosen to remain at home) and it was determined not to open the church until the middle of September, at which time Dr. West will formally open the church and actively resume his duties.

While Dr. West is enjoying a so-called rest, anyone who will visit the church will find that he has not been idle, as the splendid concrete sidewalks along the east and south fronts, reaching all the entrances, abundantly attest. Dr. West is the architect, contractor and builder of the sidewalks, which were made with the assistance of one or two colored men. Dr. West is a great believer in sidewalks and is correct when he says we need them here in Bryan almost as bad as we do the trolley line. Dr. West has set a pattern for citizens and property owners to go by and the Eagle hopes that our people will take notice and get busy in a better sidewalks campaign.

BIG EDUCATIONAL RALLY

Program of Exercises at the First Baptist Church Sunday Morning at 11 O'clock.

A big educational rally will be held at the First Baptist church in this city Sunday morning at 11 o'clock. The purpose of the meeting is to arouse general interest in the schools of Bryan and to further the cause of Christian education. The meeting will not be held to raise money and no subscription will be taken.

The invitation is extended to everybody to be present. The exercises will not be long as the several speeches will be limited to eight or ten minutes.

The program is announced as follows:

Report on Field work—Dr. Geo. B. Butler.

Advantages of the Texas Woman's College to Bryan—Mayor J. E. Butler.

Faculty of the Texas Woman's College—F. M. Law.

Mutual Helpfulness of the Texas Woman's College and the Allen Academy—Prof. R. O. Allen.

The Patron's View Point—A. W. Buchanan.

There will also be rendered a special musical program appropriate to the occasion.

BATTLE WITH OUTLAW.

Women Assisted and One Soldier Was Fatally Wounded.

Ladysmith, Wis., July 27.—A messenger who has arrived here from Cameron dam reports that sheriff and six soldiers, whom the governor sent from Milwaukee, encountered John Dietz, the outlaw, in a fierce battle. One soldier was shot twice, and is being brought to Ladysmith, but cannot live. One of Dietz's sons was also shot through the hand, but was dragged inside the house. Dietz remains fortified in his camp, and another battle is expected soon. Doctors have left for the scene.

The messenger said that the women of Dietz's household took part in the defense, and he believed that 150 shots were fired.

It is not known whether F. Dietz was served with legal papers or not. Dietz, for a long time past, has held possession of Thornapple dam, preventing the driving of several million feet of logs belonging to the Chippewa Lumber company. The logs, it is said, are rotting, and the company has for some time been endeavoring to have Dietz served with legal papers compelling him to show cause why the company should not be allowed to move the logs.

POPULAR SUBSCRIPTION.

Bry. Suggests That Reception Be as Inexpensive as Possible.

New York, July 27.—The executive committee in charge of arrangements for the reception to be given to Hon. W. J. Bryan at Madison Square Garden on Aug. 30 made public a portion of a letter written by Mr. Bryan to Alexander Troup of New Haven, the treasurer of the committee, concerning the method of securing funds for the reception. Mr. Bryan wrote in part as follows:

"There will be some expense, and the committee must see to it that no money is accepted from questionable sources; in fact, I think it would be well to announce that the expense would be borne by popular subscription, dollar subscriptions being preferable, but that larger subscriptions would be received up to \$50, none being received over that. Also announce that subscriptions of \$5, or more than \$5, would be entered in a book and the names given to any one desiring them. Subscriptions of less than \$5 would not be made known without the expressed consent of the subscriber."

"Say that the reception would be made as inexpensive as possible, and that any surplus over and above the expenses of the reception will be used to print and circulate the speeches delivered at the reception."

"I think the publication of the subscription is an important thing. The Republicans have failed to pass any effective law in regard to the campaign contributions, and this will be a good rebuke to them, and will foreshadow the adoption of such a policy by our next campaign committee."

"You can say, if you like, that I have asked to have this plan adopted."

The executive committee held its first meeting Thursday. Norman E. Mack of Buffalo presided. Charles F. Murphy and John Fox of New York and D. R. Francis of Missouri were elected members. Alexander Troup was elected treasurer to succeed Nathan Strauss, who was unable to serve. WHY?

The reason One Minute Cough Cure relieves a cough

in one minute, is because it acts first on the mucous membrane right where the cough troubles—in the throat or deep-seated on the lungs, thereby reducing the irritation and stopping the spasmodic action.

One Minute Cough Cure not only destroys the disease germs, and clears out their poison, but it gives strength and elasticity to the delicate membranes which protect the throat and lungs. Opens the air passages and promotes unobstructed breathing.

Causes the blood to receive its natural supply of oxygen, thus exhilarating the pulmonary organs with more strength and vigor that the lungs and bronchial tubes become bulwarks against the inception of disease.

Asthma, Bronchitis, Lt. Grippe, Cold on the Lungs and all Pulmonary Complaints that are curable

Over Twenty Shaken Up.

Springfield, Mo., July 27.—Twenty-five passengers were injured, two probably fatally, and over a score badly shaken up in a derailment here of three coaches of a St. Louis and San Francisco train bound for St. Louis. T., hips injured; Drury Holt of Carthage, Mo., back injured; Mrs. J. S. Moore of Springfield, Mo., body bruised; J. A. Murphy of Cape Girardeau, Mo., cuts. NOT DOWIE'S PROPERTY.

Judge Landis Orders an Election For
Overseer of Money.

Chicago, July 27.—Judge Landis of the United States district court, has decided that John Alexander Dowie does not own Zion City and its industries. He refused to appoint Alexander Granger as receiver and ordered an election for money overseer.

John C. Hately was appointed receiver of Zion City. His bond was placed at \$25,000. Adjudication in bankruptcy proceedings against Dowie were set aside.

The court ordered an election to be held on the third Tuesday of September of a general overseer under the election laws of Illinois, at which all male and female members of the church now residing at Zion City and who have continuously resided there since Jan. 1, 1906, shall be entitled to one vote; the names of persons to be voted for to be certified to the United States district court within ten days. If no more than one name shall be certified the court will, in dealing with the trust estate, recognize such person as the legally chosen general overseer of the church. If more than one name is certified, such persons shall have the use of the tabernacle at Zion City alternately up to the time of election.

The court said that he would provide for Dowie, inasmuch as the present value of the estate far exceeds the actual amount of contributions and offerings—that make a suitable provision for Dowie for his services as trustee. The amount, the court said, would be determined later.
